TRAINING / CERTIFICATION

Digital Marketing Training — The High Pay Client Community (Virtual) Apr 2026 – May 2026

- Completed structured training covering Meta Ads, Google Ads, lead generation, SEO, audience targeting, and campaign optimization.

PROJECT

Solar Installation — Digital Marketing Campaign (Self-Initiated) Jun 2026

- Researched customer pain points across B2B (small industries) and B2C (homeowners) segments, including cost concerns, ROI doubts, subsidy confusion, and seasonal performance worries.
- Identified key USPs — free government subsidy assistance and free consultation — and built a trust-driven messaging strategy around warranty and after-sales service.
- Wrote complete ad copy using the Hook-Lead-Body-CTA framework to address customer objections and drive form-fill conversions.
- Designed 5 ad creative variations targeting different angles: electricity bill savings, subsidy value, before/after EB bill comparison, brand credibility, and a limited-time offer.
- Set up campaign structure, placements, and Advantage+ creative testing in Meta Ads Manager, gaining hands-on platform experience.
